Guildford Town Centre Surprises Guaranteed

BABYLON TO OPEN AT WHITE LION WALK

White Lion Walk is delighted to announce that one of Guildford's favourite independent retailers, Babylon Trading, will officially be opening two new units in the shopping centre on Friday 11th September.

Babylon, which is celebrating its 25th year of bringing the best of homeware and gifts to customers based in Guildford and beyond, has moved from Tunsgate Square following the announcements of the planned redevelopments for the precinct. Babylon's two new shops will continue to stock the products that have remained popular over time, including their extensive range of solid oak Malmo Furniture and beautiful opal jewellery, whilst continuing to evolve by offering shoppers the latest finds and fashion trends.

Miri Allen, Director of Babylon, commented: "Old customers will be warmly welcomed like old friends and can be assured that the same friendly, efficient service and unique products await them once they step inside the new shops. We love the new space, and are excited to open our doors and share all the exciting changes with you, in the hope that you'll agree that change is for the good."

Steve Cotney, Centre Manager of White Lion Walk, added: "We are thrilled to welcome Babylon Trading to the centre. The store is renowned within the town for its high quality and unique products and they will most definitely complement the existing offering for our shoppers within the centre. I wish Babylon all the best with their exciting expansion and encourage everyone to support their move and new venture and come along to visit their stores."
