WHITE LION WALK ON THE WAY TO GREEN GLORY

White Lion Walk has won a Regional Silver Award in the Green Apples for Built Environment and Architectural Heritage, in an international campaign to find the greenest companies, councils and communities.

White Lion Walk competed against more than 500 other nominations in the Green Apples for Built Environment and Architectural Heritage, and was presented with a trophy and certificate at a glittering presentation ceremony in the Houses of Parliament, London on June 9.

As a result of this Green Apple Award success, White Lion Walk have been invited to have their winning paper published in The Green Book, the leading international work of reference on environmental best practice, so that others around the world can follow and learn from the achievement.

The Green Apple Awards began in 1994 and have become established as the country's major recognition for environmental endeavour among companies, councils, communities and countries.

The awards are organised by The Green Organisation, an international, independent, non-political, non-profit environment group dedicated to recognising, rewarding and promoting environmental best practice around the world.

The Green Apple Awards are supported by the Environment Agency, the Chartered Institute of Environmental Health, the Chartered Institution for Wastes Management and other independent bodies.
