

White Lion Walk 'Roar' to success for the Gir Lion Project!

On Saturday 20th August, White Lion Walk Shopping Centre was the 'pride' of Guildford when it hosted their first 'lion fun day' to help raise money for the Gir Lion project which is run by the David Shepherd Wildlife Foundation.

The day was a great success and featured a variety of fun activities including face painting, colouring work stations, meet and greets with the centres loveable mascot, Lionel the Lion and educational information from the David Shepherd Wildlife Foundation.

Operations Manager of White Lion Walk, Trevor Gomm, commented: "As always we wanted to help a local charity so who better than The David Shepherd Foundation and their Gir Lion project since our name, logo and mascot are all lion themed. Our first lion day was a huge success raising over £100 so I am looking forward to our second day on Saturday 3rd September to see whether we can raise any more money for such a fabulous cause." Budding artists, young and old, can also sign up for the David Shepherd Wildlife Artist of the Year or Global Canvas competitions and even view or purchase some of David's latest work. Miniature cuddly lion toys will also be on sale with other fantastic goodies and all proceeds will be donated to the Gir Lion project which protects the last remaining Asiatic lions in India.
