

Christmas really does come early for White Lion Walk

White Lion Walk celebrates as they win 3 awards at Guildford's Raft Race

White Lion Walk Shopping Centre bagged first place at this year's Guildford Lion's Charitable Raft Race on Saturday 03.07.10 as well as being presented with the 'Best Design & Engineering' award. Following this year's theme of Christmas Comes Early, the White Lion Walk team were unrecognisable posing as Elves working at Santa's workshop.

The raft designed to look like Santa's workshop was decorated with gingerbread men, lollipops, sweets, Christmas presents and had a full sound system playing Christmas music. The centre management team dressed up as elves and a Santa and they managed to come in first at a time of 47 minutes.

White Lion Walk is also first in line to be crowned with the title of 'Champion Fund Raisers' raising nearly £2,500 on behalf of the Guildford Lions. Steve Cotney commented; "We worked very hard on the raft this year, pulling out all the stops so we are very pleased to have won the Best Design & Engineering award and as raising money was our main focus, we are looking forward to the confirmed result of the money raised."
