

## Spooky goes on at White Lion Walk!

On Sunday 31<sup>st</sup> October, White Lion Walk Shopping Centre was the place to be for lots of Halloween fun. With the safest trick or treat trail in town, a costume competition and ghoulish face painting; there were plenty of spooky shoppers enjoying their day.

Throughout the day children were invited to come down to the Centre, look out for the shops with the pumpkin poster in the window and venture inside to request their treat. What's more, at 1pm the Centre held a fabulous fancy dress competition, Yana Alexandrova aged 12 and her sister Maggi Alexandrova, aged 6, proved to be the scariest of them all. They were presented with a Giant Halloween themed Cookie courtesy of Millies Cookies, a gumball machine, a Coin maker and a Magic Hat containing magical items all from Hawkins Bazaar perfect to go with their witches outfits.

Halloween can be a scary time of year for parents too as every child wants to take part in trick or treating. However in today's society you can never tell what's round the corner and with the nights getting colder and darker it can sometimes be a daunting task walking around the local neighbourhood with the children. That's why White Lion Walk had arranged this special day.

Centre Manager of White Lion Walk, Steve Cotney, commented: "The day was a huge success with lots of fun to be had, the children looked very scary from witches to ghosts. It is a real pleasure to be able to provide a secure, dry and clean environment for the children as well as teaching them a valuable lesson in safety and we can not wait to do it again!"
