

Shoppers spin spin spin for charity at White Lion Walk

On Saturday 14th May, White Lion Walk hosted a very special day for their shoppers when they linked up with The Spectrum Leisure Centre to host a spinning event in order to raise money for Disability Challenges.

From 10am – 4pm, Dean Girdler from The Spectrum, cycled continuously on his spinning bike and raised just under £100 in loose change to help Disability Challenges continue their incredible work of helping disabled children.

Steve Cotney, Centre Manager at White Lion Walk, commented: “The spinning event in the centre was a great and unique way to raise money for such a worthwhile charity. We launched our What’s On Your Doorstep campaign at the beginning of the year in order to help promote local businesses and all the great attractions they can offer the community. Events like this spinathon with the Guildford Spectrum show just how much work goes on to support the local people behind closed doors.”
